"The Homeschool Buyers Co-op participated in a webinar in August of 2010. Upwards of 300 homeschoolers participated, and the interaction was lively and enjoyable. Many Co-op members showed up and provided a kind of cheering section, which made the presentation all that more enjoyable. I was very impressed with The Old Schoolhouse staff – they were totally “on top of” the event, from beginning to end, including the months leading up to the event. If you are interested in expanding your online marketing activities, I would strongly recommend you consider participating in a webinar."

Brett Walter, President, Homeschool Buyers Co-op

"Our webinar with The Old Schoolhouse gave us the opportunity to reach homeschoolers on a personal level. The organizers from TOS were well organized, professional, and very helpful with getting the audience excited and involved. For the same price put into banner advertising, you would only be able to reach a fraction of homeschoolers that you can with a TOS webinar. We recommend this to any company in education looking to reach the homeschool market."
