

Schoolhouse Directories

Please see our Ad Policies

Come have your say. Get a little editorial text into each issue!

All directory listings will combine each year to form one directory in our Annual Print Magazine: The Best of TOS! Get print and digital exposure with your listing! **Deadline for 2013 directories is September 20th, 2013, for inclusion in the Print Annual.**

Every edition of The Old Schoolhouse® Digital Magazine provides an editorial Directory which covers an interesting and informative theme. Choosing one (or more) themes to match your product(s) provides a unique way for you to connect with our readers each month.

Your listing includes a brief description designed to direct readers to your website. In addition, your directory listing(s) will continue to remain active on the well-trafficked TOS company website for one full year. This page will be mentioned six times throughout the year in *The Homeschool Minute* online newsletter--driving even more traffic to the directories and your company. See below for pricing and features.
